Community Conversations September 12th, 2026

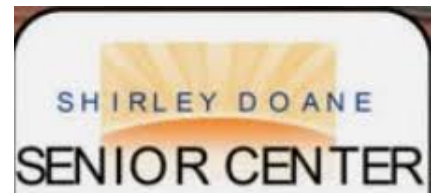

The Colfax Railroad Museum currently has a growing collection of railroad equipment from railroads that serviced the western Wisconsin and eastern Minnesota region. The collection includes Soo Line caboose number 273, Barney & Smith Soo Line coach number 991, a Porter 2-6-2T steam engine, and Soo Line GP-30 number 703, and other cars. Our newest additions are a library/archive/events center in the 1898 depot and a miniature 7 1/2" gauge train ride.
